#### 1941 BASKETBALL TEAM

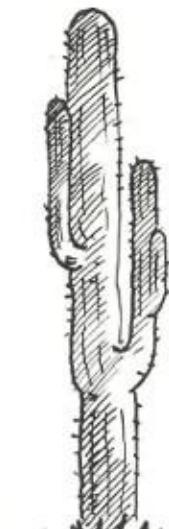

The Lobo basketball team under the leadership of Coach Bill Stevens, enjoyed a very successful season, winning 11 out of 17 games played. Two of the six games lost were to Lubbock, the district champions, and three were lost to the Morton Team, second place winners in the district. The Lobos had little trouble in winning the Hockley County championship but lost to Idalou in the District Tournament.

The starting quintet was composed of Pat Carter, Bill Green, Neil Taylor, Billy Hill, and Edward Scarborough. Carter and Green were outstanding throughout the season. Taylor, Hill, Scarborough, and Payne, playing their first year as regulars, improved rapidly as the season progressed.

LEVELLAND HIGH SCHOOL BAND

The Levelland High School Band under the direction of J. Bud Farrar, has had a very successful year. The band was reorganized this year after two years of inactivity. Mr. Farrar has built a good band with but very little experienced talent to start with in September. Some eighty pupils have been taking band lessons during the school year.

A successful drive for uniforms was made the first month of school. With the new uniforms, two new bass horns, and other new equipment, the band has made rapid progress. Several band clinics have been attended as well as the regional band meeting held at Amarillo. Programs for all athletic contests and town functions have been furnished. A band concert was given in the spring.

The Junior High School band, composed of forty-six members, is made up of the Junior High pupils interested in instrumental music.

The band is under the direction of Mr. Farrar, the high school band director. The members of this band have progressed very rapidly during the year and are able to play music that rivals the smaller school bands. A spring concert is planned for the month of April.

## Student Council Holds First Meet

The Student Council under the supervision of Mr. McCollum, met for the first time this year during activity period Tuesday, October 8, 1940.

The purpose of the Student Council is to find the desires of the students. The Student Council does not rule the school, but brings up the subjects that the students suggest.

### Senior Play Progressing Nicely

Friday, October 4, 1940, the Lobos met the Post Antelopes in a tough battle in football. Both teams were undefeated, and naturally each was striving very hard to be the winner. It was very hard to tell which team would be the successor, but the Lobos won by a score of 6 to 0.

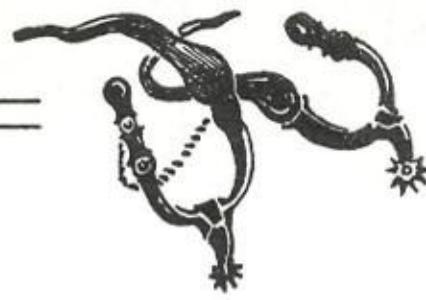

If one were watching the people on the side line instead of intently watching every move of the football players, he would have found every person on the side line to be comical. Some were chewing their nails, others scarcely breathing, and others fatigued by yelling. One girl in the Pep Squad had yelled and whooped so much that after the game was finished, she could scarcely talk above a whisper. But while coming home from Post on the bus, she managed to give a few more feeble yells, and sang a number of songs with the correct tune. High school is very proud of the "Lobos" and are backing them in every possible way.
